

COMMERCIAL DISPLAY ACCESSORIES

# VB-VIS-002

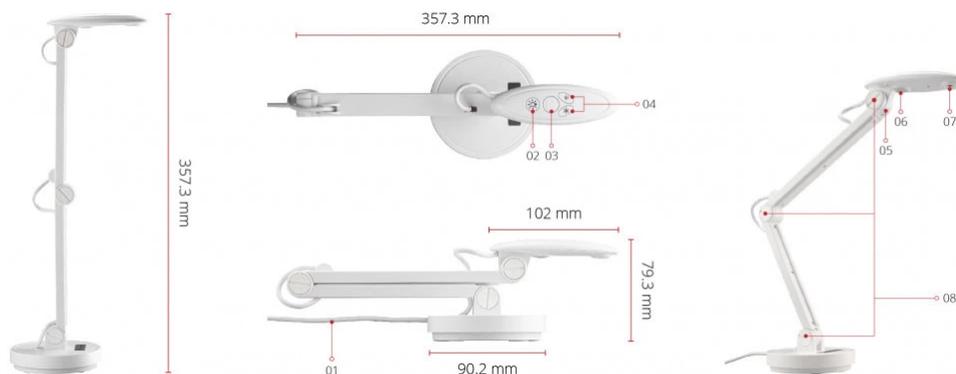

## Key Features

- Instantaneous autofocus for uninterrupted lessons
- Razor-sharp images with up to 8 Megapixel camera
- Full edge-to-edge coverage of up to A3
- Integrated LED light for dark or bright environments
- Enhanced teaching experience with vDocCam software

## Product Description

Move the classroom forward into the future with ViewSonic VB-VIS-002, a document and web camera built for more immersive, engaging lessons. Demonstrate and display physical teaching materials in detail effortlessly to a virtual classroom with an 8-megapixel autofocus camera and 8x digital zoom. Scan, record or livestream worksheets, textbooks and even 3D models of up to A3 in size and annotate on them in real time. Pair the lightweight and portable VB-VIS-002 with a laptop or large touchscreen display via a USB cable and turn your classes into an interactive collaboration.
